Wie JD_2020, der Community-Manager von Treyarch, im offiziellen [callofduty.com-Forum](#) bekannt gab, wird das Mappack 3 auch für den PC erscheinen. Als Zugabe werden wir mit einem Patch 1.6 verwöhnt ;-)

Zitat:

Hi all, As with the previous two Map Packs, Map Pack 3 will indeed be coming to the PC – the team is hard at work on it and I'll let you know when it's in test. As such, there will be a Patch 1.6 as well, which will address some additional game issues. When I have details on what else will be included in the patch I will be sure to post them. We appreciate your patience as always, and look forward to its release as much as you do! Regards, -JD
